*Additional Tools and Supplies
Recommended

Sharp Scissors

Knotting Tweezers (to make
aiming overhand knots easier!)

About this Kit:

Turn your space into a tropical oasis with these soothing ocean-inspired light catchers! A super-beachy combination of shells and matte recycled glass with a pinch of crystal for just a touch of sparkle.

Use the baby knots technique to have the beads sit closely together, or separate the beads with overhand knots for a more net-like effect.
