Rex Board
HypoTube cement

About this kit:

Wear a piece of paradise everywhere you go!

These cute kits feature cone shells that were handpicked by our mermaid friend, Michelle, from the sandy beaches of Hawaii, on the island of Kaua`i. Bold red sponge coral contrasts beautifully with the soft tones of the shells for a hot tropical look you'll want to wear year-round! The plated pewter bead caps were molded and cast from a real shell to complete the beachy theme.
