Design Ideas:

- If you don't wear earrings, you can make several kaleidoscope links and join them with jump rings, sections of chain, or wire-wrapped beads to create a bracelet or necklace!
- Substitute one of the closed jump rings with an 11/0 seed bead to turn the kaleidoscope link into a charm.
- Leave the closed jump rings out altogether, and thread chain or leather between beads in the woven piece for a truly seamless slide pendant style!
