

### Supplies Needed:

- 3mm gemstone rondelles - approximately 70-80 pieces
- nylon microcord - 2 yards
- 1.5mm round leather cord - 18 inches
- 3mm end crimp - 2 pcs.
- jumprings (to attach clasp)
- clasp (toggle, lobster, magnet or hook & eye!)

### Recommended Tools:

- clipboard (we love our 'Rexboard'!)
- office clip
- scissors/cutters
- chain nose pliers
- flat nose pliers
- glue

Never too many knots!  
 Each set of one P AND one 4 constitutes a single square knot. ONE square knot between each pair of gems (as seen in the citrine bracelet on the left) allows more of the core leather to peek through, and minimizes the amount of microcord showing. Two square knots between each pair of gems (as seen in the iolite bracelet on the right) puts more distance between the gems, allowing each one to shine!

Not just for gems! Freshwater pearls (especially in a multi-color mix!) make beautiful Love Story bracelets and add a touch of elegance to any outfit!

sharing is ALWAYS nice, so please share our WEBSITE with your friends...that way, we'll always be around to bring you more!
